English

OTHER PROJECTS

Lekki Property API

I developed a REST API for a property company in which you can add properties for lease and also view properties available.

TechStack: ExpressJS, MongoDB, Mongoose

Enyata Training Site

I coordinated a team of four to develop a product to onboard trainees into the Enyata Academy Program and a site where the admin can manage and track application and applicant status with other information.

TechStack: VueJS, SASS, Bootstrap, NodeJS, ExpressJS, PostgreSQL

Verify Account Site

I created a full-stack application in which users can verify account numbers and bank of users.

TechStack: VueJS, SASS, Bootstrap, NodeJS, ExpressJS, PostgreSQL
